Subject: Inquiry information about your company's software

Dear sir,

I hope you are doing well. I'm reaching out to request information about your company's software before I worked started in your company. Could you please share details about company's software curriculum?

I would appreciate it if you could send this by before my joining at 01/03/2025.

Thanks a lot for your help!

Warm regards,

Bharat Sundesha
